

# Social Enterprise Tour

SASEC  
South Australian Social Enterprise Council

Social  
Traders  
Unlocking business for good

## Ready SET Go!

**Jump on board for an inspiring bus tour with the South Australian Social Enterprise Council and Social Traders showcasing social enterprises who are driving positive impact in South Australia.**

Join purpose-led founders, social business leaders and good people doing great things across community, business and government. This unique networking and learning opportunity will give you ample opportunity to ask questions, connect with others interested in supporting business for good, touch, feel, taste and see some of the enterprises designed for impact.

You'll hear from the founders of a range of social enterprises at various stages of development, see what's happening on the ground, expand your network and learn from others about business for good.

This event is in association with the Social Enterprise World Forum being held in Brisbane, Australia in September 2022! SEWF is the flagship event for the global social enterprise community, providing space for purpose-led people, policymakers, philanthropists, intermediaries and entrepreneurs to connect, learn and be inspired.

Tuesday 23 August • Start 9am • Returning 3.15pm

The Foodprint Experience • 11 Franklin Street Adelaide
